

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Creating Tomorrow Trust Statement

Creating Tomorrow Trust believes that as the schools know their students the best, it is for the schools themselves to decide how best to use the Pupil Premium Grant. Therefore, all monies will be allocated directly to the schools.

Creating Tomorrow Trust will support the schools to use the Pupil Premium Grant in the most efficient way by working with leaders to identify evidence-based strategies and monitor the impact. The schools in the Trust may wish to pool money, for example to pay for a specific role to be used across a number of sites. Creating Tomorrow will support the schools to manage these projects and may act as the vehicle to enable them to happen.

Purpose

This statement details Isebrook School's use of Pupil Premium funding to help improve the attainment of disadvantaged and vulnerable students that leaders have identified through robust quantitative and qualitative information. It outlines our Pupil Premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Isebrook School Overview

Detail	Data
School name	Isebrook School
Number of pupils in school	240 (Term 2 2025)
Pupils in receipt of Pupil Premium (%)	32.5% (78 students)
Academic year/years that our current pupil premium strategy plan covers	2025/2026 2026/2027 2027/2028
Date this statement was published	19 th November 2025
Date on which it will be reviewed	December 2026
Statement authorised by	Tracy Latham- Headteacher
Pupil premium lead	Lynn Johnston - SEND & Inclusion Lead
Governor / Trustee lead	John Frostwick - Chair of Governors

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£96,170
Pupil Premium Plus allocation	£15,690
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	0
Total budget for this academic year	£111,860

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Part A: Pupil premium strategy plan - Statement of Intent

Isebrook School is a vibrant and happy school with a hardworking, enthusiastic, and skilled staff team. We have a passionate and dedicated Leadership team, with a wide range of knowledge and skills from various branches of education, bringing a wealth of experience and talents and a school ethos where staff champion our students and have the highest expectations. Our relational approach to supporting students, staff and families is at the heart of everything we do.

At Isebrook we are committed to embedding a trauma-informed approach throughout our practice, recognising that many of our students may have experienced adverse childhood experiences that impact their learning, behaviour, and wellbeing. Our staff are trained to understand how trauma affects young people and to respond with compassion, creating a psychologically safe environment where all students feel valued and supported.

Isebrook School is one of the largest Special Secondary settings in Northamptonshire, which provides support for students from 11-18 years old with a range of complex educational needs. About one-third of the students have Autistic Spectrum Conditions and many of our young people have comorbidity of challenges which include social, emotional, and behavioural difficulties; some of which can present as significant mental health difficulties and associated complex behaviours.

Isebrook specialises in supporting students with Cognition and Learning difficulties, with a focus on general and specific learning difficulties [SpLDs] which include:

- Working Memory and Cognitive Load challenges inhibiting age related expectation attainment
- Literacy and numeracy difficulties.
- Difficulty processing abstract ideas
- Fine and/or gross motor difficulties
- Signs of frustration
- Sequencing, organisation difficulties
- Phonological or short-term memory difficulties
- Communication and Interaction difficulties
- Difficulty comprehending or following instructions
- Conceptual difficulties
- Sensory processing / awareness difficulties

We have a strong ethos of Inclusion and crucially a curious and compassionate approach towards engaging and supporting our students, staff & families. Our trauma-informed approach underpins all our interactions, with staff trained to recognise that behaviour is often a form of communication and that students may be responding to past experiences of trauma or adversity. We create safety cues through our body language, tone of voice, and consistent, nurturing relationships, helping students to feel secure and ready to learn. Staff are trained in the use of PACE and VRF's (as part of our commitment to Thrive). There is a collective understanding of the impact of disadvantage on students' learning and staff at every level speak with one voice about our aspirations for all of our students and preparing them for the challenges and opportunities of adulthood.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Our aim is to use Pupil Premium funding to help us achieve and sustain positive outcomes for our students. Whilst socio-economic disadvantage is an important factor, it is not always the primary challenge our students face. Evidence shows that outcomes for all disadvantaged students across the school can be affected by efficient use of Pupil Premium funding to complement and support not only educational progress but the holistic welfare of our students.

At the heart of our approach is high-quality Special Educational Needs teaching focussed on areas within student's Education and Health Care Plans (EHCP) and how Pupil Premium can support progress and attainment of Outcomes. We recognise that Trauma, both developmental and linked to Adverse Childhood Experiences, create barriers to learning. Our trauma-informed practice ensures that we adapt our support to meet the individual needs of each student, providing them with the emotional scaffolding they need to succeed. Targeted support is offered, based on assessment of need, and helping students to access the curriculum intents, most appropriate to their development and progress.

Although our strategy is focused on the needs of students in receipt of Pupil Premium, efficient and planned allocation of funds will benefit all students at Isebrook School in the instance where funding is spent on whole-school approaches. It is the intention that outcomes for those not in receipt of Pupil Premium will be improved alongside progress of those who are.

We will also provide students in receipt of Pupil Premium, with support to develop independent living and social skills through a robust and effective Preparation for Adulthood curriculum. Our Trauma-Informed approach extends to helping students develop resilience, self-regulation skills, and positive relationships, recognising that these are essential foundations for successful transition to adulthood.

Our strategy will be driven solely by the needs and strengths of each young person, based on formal and informal assessments, and not through assumptions or labels. We understand that the lasting impact of adversity and trauma can affect a young person's behaviour, mental health, and wellbeing, and our Trauma-Informed practice ensures that we respond to these needs with empathy, consistency, and appropriate support. This will help us to ensure that we offer all students the relevant skills and experience they require to prepare for adulthood.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Challenges

Barriers to future attainment (for students eligible for PP)

- **Poor Student Mental Health**
Poor mental health can be a significant barrier to attainment for pupil premium students. A mental health need may coexist with a student's special educational need, or indeed form the basis of a student's needs. Mental health problems can, in some cases, be an indicator that a student has suffered or is at risk of suffering abuse, neglect or exploitation. Where students have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood, impacting on their mental health, behaviour, attendance and progress at school
- **Communication difficulties for students.**
Leaders have identified that an increasing number of students admitted have communication and interaction difficulties as part of their complex presentation. The whole school data demonstrates a high percentage of students needing additional provision and specifically, PP students have been identified as having this as their stated secondary need or there is considerable support itemised within their EHCP.
- **Persistent absence for some students including medical and social barriers**
Persistent absence, including absence due to medical and social barriers, is a significant barrier to attainment for pupil premium students. Students being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and child criminal exploitation. It may also indicate mental health problems, risk of substance abuse, or other vulnerabilities.
- **Lack of engagement in learning and lack of readiness to learn**
Students who are not ready to learn may face barriers such as poor mental health, unmet basic needs, lack of confidence, limited vocabulary, or experiences of trauma that affect their ability to focus, engage with learning tasks, and make expected progress.
- **Increase in class sizes**
Increased class sizes can be a significant barrier to attainment for pupil premium students. Larger classes reduce the opportunities for individualised attention, targeted support and responsive teaching that disadvantaged students often need to overcome barriers to learning. In larger classes, teachers have less capacity to identify and address individual needs quickly, check understanding systematically, adapt teaching in the moment, or provide the intensive support that can help close attainment gaps for pupil premium students.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

- Changing cohort of students and increased need for specialist support and intervention in school

A changing cohort of students with increasingly complex needs, and the resulting increased demand for specialist support and intervention, presents a significant barrier to attainment for pupil premium students. As the profile of our student population evolves, with growing numbers of students requiring support for special educational needs and disabilities (SEND), mental health difficulties, social and emotional needs, and other barriers to learning, the capacity of staff to provide the individualised, responsive teaching and targeted interventions that disadvantaged students need to make expected progress is stretched. Pupil premium students, who may already face multiple barriers to learning including poverty, adverse childhood experiences, limited vocabulary, gaps in prior learning, or poor attendance, are disproportionately affected when school resources and staff expertise are under pressure to meet the needs of an increasingly diverse and complex cohort.

External barriers (issues which also require action outside school, such as low attendance rates)

G. Parental engagement

H. Low attendance rates for some – Including persistent absence

I. Funding pressures from the Local Authority in supporting students with exceptional need

J. Increase in Consultations for School places and requirement to increase class sizes to numbers more than optimum support

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Intended outcomes

Outcomes (Desired outcomes and how they will be measured)	Success Criteria
<p>A. Increase the capacity for Students to access opportunities for hands-on, experiential learning that can be more accessible than classroom-based teaching.</p> <p>Students will have opportunities to access multi-sensory experiences that support different learning styles and needs, particularly for students with Sensory Processing challenges.</p>	<ul style="list-style-type: none"> • Reduced behavioural incidents recorded on Arbour, difference in progress diminished. • Students will engage in strategies aimed at improving the mental health and wellbeing of students around the school. • Physical development support for students. • Social, emotional and mental health improvements for students. • Increased Independence skills for students. • Increased engagement for students. • The QA cycle will demonstrate the impact on data and outcomes and highlights increased qualitative information.
<p>B. Increase students' communication skills, expressing wants and needs so students demonstrate expected progress for their EHCP Outcomes.</p>	<ul style="list-style-type: none"> • Students make progress against the communication outcome on their EHCP. Staff have a range of communication aids in place to support communication to include CIP, SALT plans, visual resources, and schedules. • Tracking of SALT interventions demonstrates small step student progress against EHCP Targets. • Communication interventions are accessed effectively, and the costs and timings of interventions recorded on the School Provision Map. • The QA cycle will demonstrate the impact on data and outcomes.
<p>C. Strengthen student's opportunity to access appropriate Sensory Regulation provision in line with EHCP Outcomes and identified need.</p>	<ul style="list-style-type: none"> • Decrease in distressed behaviours within the disadvantaged cohort. • Improved wellbeing (measurable through Safeguarding Concerns and MDT Data) within the disadvantaged cohort. • Staff report increased readiness to learn for students seeking sensory support within the disadvantaged cohort. • Attendance improvement for students within the disadvantaged cohort. • The QA cycle will demonstrate the impact on data and outcomes.
<p>D. Strengthen Students support through Trauma Informed Approaches which not only benefits those who have experienced Adverse Childhood Experiences and/or Trauma but also provides a relational approach for all.</p>	<ul style="list-style-type: none"> • Improved attendance rates for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN & previously known to Social Care). • Reduction in behaviour incidents for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN & previously known to Social Care). • Increased engagement in learning for all and progress towards EHCP outcomes. • Positive student and staff relationships. Students who feel safe and understood in school. • Better staff understanding of trauma and its impact on students including on attendance. • Consistent use of trauma-informed language and approaches throughout the school. • Embedded trauma-informed culture shown in policies and practice. • Delivery of Family Thrive support for parents. • The QA cycle will demonstrate the impact of interventions on data.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Activity this academic year

Planned expenditure					
Academic year	2025 - 2028				
Quality of teaching for all					
Outcome	Chosen action/ approach	Evidence and rationale for this choice?	What are the desired outcomes?	Staff lead	When will this be reviewed?
1. To develop & embed an on-site Forest School Provision.	Establishment of a Forest Schools area within the school site.	Cohort: Hands-on, experiential learning that can be more accessible than classroom-based teaching. Meeting the needs of our changing cohort.	Qualified Forest School Leaders	Forest School Lead- Day to day delivery of the provision and liaison with Leadership.	Review the impact using assessment, behavioural and safeguarding data in line with Pupil Progress data and SEF deadlines.
	Allocation of classroom space to Forest Schools	Multi-sensory experiences that support different learning styles and needs, particularly for students with Sensory Processing challenges.	Increased opportunities for contextual and Communication and interaction development.		
	Training of 2 Forest School Leaders	Opportunities for students to work at their own pace in a less structured environment.	Physical development support for students.	SEND & Inclusion Lead: Overall coordination; Sourcing support, monitoring impact, strategic oversight; resource allocation; removing barriers.	Commentary will be updated annually on review of this strategy document.
	Allocation of class timetable slots to Forest School engagement.	Planned risk resilience and teamwork	Social, emotional and mental health improvements for students		
	Securely fenced area within the school field.	Sensory and Physical : Development of fine and gross motor skill and coordination.	Increased Independence skills for students.	Assistant Headteacher: Strategic oversight; resource allocation; removing barriers.	
	Appropriate equipment & resources for Forest School area.	Curriculum Access: English and maths (through outdoor activities and problem-solving)	Increased engagement for students.		
		Forest School can support curriculum delivery in an inclusive way:	Opportunities for learning and sensory experiences.		
		Contextual knowledge of nature, seasons and habitats.	Opportunities for progress towards EHCP Outcomes.		
		Inclusion: Support for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN)			
		Research referencing: ‘The learning space at forest school offers freedom from the norms and expectations associated with the indoor classroom environment, which can reduce stress for children with ADHD or autistic children (Harris, 2018). Forest school can provide many opportunities that encapsulate good practice and the creation of an environment which is supportive for children with SEND: a low-demand environment for social interactions, developing autonomy, opportunity to engage in sensorily pleasurable activities and special interests’ Let’s Go Outside: Forest School for SEND Pupils and Children with Autism. A Toolkit for Practitioners and Schools Harris, F, Hill, E, Tripp, K, Marsh, A, Tunks, F & Sulaman, S 2025, <i>Let’s Go Outside: Forest School for SEND Pupils and Children with Autism. A Toolkit for Practitioners and Schools.</i> University of Hertfordshire, UK.			
Budgeted cost : Appointment of 2 Forest School Practitioners (Level 4)- £25992 X 2 = £51984 Fencing - £20,000					£71,984

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Outcome	Chosen action/ approach	Evidence and rationale for this choice?	What are the desired outcomes?	Staff lead	When will this be reviewed?
2. To develop student communication skills.	<p>AAC training, Signalong training & Communication interventions.</p> <p>Engagement with SALT provided programmes and training.</p> <p>Commissioning of Private SALT provision</p> <p>Staff training</p>	<p>Staff CPD: To develop communication skills and inclusion. i.e Signalong, SALT, CIP, PECs, iPad.</p> <p>Cohort: Increased cohort of students for whom Communication is an acute need and Local Authority SALT provision is not meeting the student need or demand.</p> <p>Safeguarding: Students with Communication and Interaction differences can face additional safeguarding challenges including communication barriers.</p> <p>Inclusion: This directly supports Isebrook School’s inclusion ethos and whole school strategy for Inclusion, by removing barriers to learning for pupils with communication needs.</p> <p>Support for the most vulnerable and disadvantaged students, including those known or previously known to Social Care (CIC, CP, CIN)</p> <p>Curriculum Access: The enablement of AAC use and engagement with the Local Authority AAC team ensures students with communication needs can access the full, broad curriculum.</p>	<p>Class monitoring of the SALT targets and progress towards them, as well the SALT team monitoring the expected progress against targets. Annual review completed on the targets and new targets set accordingly.</p> <p>Engagement with SALT provided staff CPD and training.</p>	<p>Communication Lead- Day to day staff support and liaison with Leadership.</p> <p>SEND & Inclusion Lead: Overall coordination; Sourcing support, monitoring impact, strategic oversight; resource allocation; removing barriers</p> <p>Assistant Headteacher: Strategic oversight; resource allocation; removing barriers</p> <p>LA AAC Team and Private SALT provider: Assessment; specialist advice; staff training</p> <p>Class Teachers: Embedding AAC in daily teaching; curriculum adaptations</p>	<p>Within the Leadership QA cycle and within SEF process.</p>
Budgeted cost : Cost of Private SALT Provision - £8000, TLR, Communication Lead - £3527, Staff Signalong Training - £500, SoSafe Training - £480+ £70.83					£12577.83

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Outcome	Chosen action/ approach	Evidence and rationale for this choice?	What are the desired outcomes?	Staff lead	When will this be
3. To develop the Sensory and Outdoor offer at Isebrook School	<p>Additional Sensory Space within the Outcome 1 & 2 Pathway building</p> <p>Improvements to outdoor spaces for Sensory stimulation and regulation.</p> <p>Investment in the training of an additional Therapy Dog.</p>	<p>Sensory and Physical : Improved emotional regulation for disadvantaged pupils with sensory needs Reduced incidents of dysregulation/behaviour concerns Increased engagement in learning following sensory breaks Better attendance for pupils who previously struggled with sensory overload. Enhanced gross motor skill development Increased opportunities for sensory regulation</p> <p>Wellbeing and Pfa: Improved social interaction and cooperative play</p> <p>Curriculum Access: Greater engagement in outdoor learning activities and fitness.</p> <p>Inclusion: Support for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN)</p> <p>Research referencing:</p> <p>‘Educational practitioners have reported that being in an MSE can facilitate behavioural change for autistic children and this behaviour change can lead to improved opportunities for learning (Unwin et al., 2021). Particularly, practitioners believed that the child being able to have control of the sensory environment was a mechanism through which behaviour change occurred.’</p> <p>Unwin, K. L., Powell, G., & Jones, C. R. (2021). The use of Multi-Sensory Environments with autistic children: Exploring the effect of having control of sensory changes. <i>Autism</i>, 26(6), 1379-1394. https://doi.org/10.1177/13623613211050176 (Original work published 2022) Accessed December 2025.</p>	<p>Decrease in distressed behaviours within the disadvantaged cohort.</p> <p>Improved wellbeing (measurable through Safeguarding Concerns and MDT Data) s within the disadvantaged cohort.</p> <p>Staff report increased readiness to learn for students seeking sensory support s within the disadvantaged cohort.</p> <p>Attendance improvement for students within the disadvantaged cohort.</p>	<p>Outcome Lead- Day to day assessment of need and utilisation and liaison with Leadership.</p> <p>SEND & Inclusion Lead: Overall coordination; Sourcing support, monitoring impact, strategic oversight; resource allocation; removing barriers</p> <p>Assistant Headteacher: Strategic oversight; resource allocation; removing barriers</p>	<p>Commentary will be updated annually on review of this strategy document.</p>
Budgeted cost: Sensory Space in Outcome 1 & 2 building - £22,000, Outdoor Sensory equipment - £30,000, Therapy Dog Training - £2250 Sensory Circuit Training - £180					£54,330

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Outcome	Chosen action/ approach	Evidence and rationale for this choice?	What are the desired outcomes?	Staff lead	When will this be reviewed?
<p>4. To develop and embed Isebrook School's Trauma Informed Approach</p>	<p>Appointment of an additional Thrive Practitioner.</p> <p>Staff Training</p> <p>Creating a Trauma Informed environment</p> <p>Targeted support for students</p> <p>Parent partnerships and training</p> <p>Achieve Thrive School of Excellence Accreditation</p>	<p>Safeguarding: Students with SEND are more vulnerable than contemporaries to harmful sexual behaviour, sexual abuse, exploitation, violence and bullying particularly if there are also SEMH needs. As such, students at Isebrook School are statistically more likely to have experienced trauma, abuse, or adverse childhood experiences. It is therefore important that we understand and support students in managing, processing and developing strategies prepare them for future safety and security. Students who have suffered Trauma and/or ACE's may struggle to communicate their experiences or distresses, Have difficulty understanding and processing feelings and emotions. Be more susceptible to exploitation due to their vulnerabilities.</p> <p>Staff CPD: Pupils' prior experiences might also affect their behaviours. Behaviour is often the way our students communicate distress. Traditional behaviour management approaches may re-traumatise vulnerable students. As such Staff who understanding behaviour through a trauma lens helps us to respond therapeutically rather than punitively.</p> <p>Inclusion: Support for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN)</p> <p>Research referencing:</p> <p>'Insights from the Adverse Childhood Experiences (ACEs) literature, that childhood adversity has powerful long-term impacts on the health and wellbeing of many of those exposed (Felitti et al, 1998).'</p> <p>'Emerging neuroscience evidence that is seeking to understand the physiological links between exposure to complex trauma and later life outcomes, through an understanding of children's adaptive responses to adverse experiences. Examples include the over-stimulation of the fight or flight response and the aspects of brain development that are arrested or delayed as a result of trauma exposure during these critical periods of development' (Shonkoff et al, 2012).</p> <p>'Emerging psychologically informed models of how better to support children and young people who have been exposed to complex trauma, including approaches that emphasise relationships as interventions to bring about change' (Cook et al, 2017).</p> <p>'A greater focus on settings where children spend their lives, such as schools, that build connection and contexts that enable children to thrive. Including the insights from these</p>	<p>Student Outcomes:</p> <p>Improved attendance rates for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN. Reduction in behaviour incidents for the most vulnerable and disadvantaged students, including those known to Social Care (CIC, CP, CIN. Increased engagement in learning for all and progress towards EHCP outcomes. Positive student and staff relationships. Students who feel safe and understood in school.</p> <p>Staff Outcomes:</p> <p>Better understanding of trauma and its impact</p> <p>Consistent use of trauma-informed language and approaches</p> <p>Whole School:</p> <p>Calmer, more positive school environment</p> <p>Stronger relationships between staff and pupils.</p> <p>Embedded trauma-informed culture in policies and practice</p> <p>Delivery of Family Thrive support for parents.</p>	<p>Thrive Practitioners:</p> <p>Day to day assessment of need and utilisation of the Thrive Approach. Liaison with Leadership.</p> <p>Assistant Headteacher:</p> <p>Strategic oversight; resource allocation; removing barriers</p> <p>SEND & Inclusion Lead:</p> <p>Sourcing support, delivery of staff training, monitoring impact, strategic oversight; resource finding, removing barriers.</p> <p>Senior Welfare Manager: monitoring impact on attendance and behaviours, strategic oversight; resource allocation; removing barriers.</p>	<p>Within the Leadership QA cycle and within SEF process</p> <p>Commentary will be updated annually on review of this strategy document.</p>

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

		<p>settings can be critical; both in potentially disrupting harmful trajectories and unwittingly exacerbating the impacts of trauma (for example, Dorado et al, 2016).</p> <p>‘Developmental, complex and chronic trauma are used to describe these early life adverse events, capturing the sense of the wounds these inflict on the developing child. The impact can be profound on children’s behaviour, emotions and cognition, impacting on characteristics such as the ability to form trusting relationships’</p> <p>Developing traumainformed practices in inner London schools - the ITIPS Pilot. Aspland, Cameron Strelitz, Clarke, Fahy, Mansour and Shelemy (2020) Research in Practice. developing-trauma-informed-practices-in-inner-london-schools-the-itips-pilot_final.pdf Accessed Dec 2025.</p>			
<p>Budgeted Cost: Thrive Practitioner Course - £5000, 2 X Thrive Practitioners - £58, 620 Whole staff training - £810 Thrive Online access - £2373.60</p>					<p>£66803.60</p>
<p>Total budgeted cost for Quality of Teaching</p>					<p>£205,695.18</p>

Wider strategies

Other approaches						
Desired Outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	Cost	When will you review implementation?
Students have access to school uniform	School uniform budget available for parents to access.	Students may be reluctant to come to school if they do not have or cannot afford pieces of uniform. We want to ensure that these students are happy to come to school.	Provide information to parents about uniform support. Attendance and welfare monitoring.	Family Support Worker Senior Welfare Manager SEND & Inclusion Lead	£2000	Commentary will be updated annually on review of this strategy document.
Students will be ready for their learning at the start of each school day. Students will be supported during school closures	Provision of Breakfast and after school Club – where parents struggling to drop/pick up after school Holiday Club during School Holidays	To ensure students are attending school and ready to learn and make progress, we provide the opportunity for students to come in from 7.30am and have breakfast. Also, to have a safe place before and after school To ensure students have a safe space and access to trusted adults during school holidays.	Club activities are planned to engage students, so they are ready to learn. Range of healthy food options are available.	Family Support Worker Operations Manager	£8000	Commentary will be updated annually on review of this strategy document.
Students to be able to take part in a residential visit.	Enable students to attend a residential when run in their academic year. Pupil Premium and PP + students will have access to these activities at a subsidised rate.	Some students have been unable to attend residential visits due to a lack of financial support from home. We aim to enable all students to have access to at least one residential during their school years.	Our residential visits and venues are selected to meet our student's needs. Evaluate the visit and obtain student feedback.	Assistant Headteacher SEND & Inclusion Lead	£3000	Commentary will be updated annually on review of this strategy document.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Attendance to be in line with non-PP children	Continue to provide rigorous attendance processes, family engagement, safeguarding visits and liaison with wider professionals	To ensure that students make the most of their learning opportunities, we have a high-profile whole-school attendance focus	Attendance rates are closely monitored weekly whole school communication meetings are held where levels dip. End-of-term attendance prizes are high-profile and desirable. Weekly Multi-Disciplinary Team Meetings (MDT'S) to highlight and monitor students of concern.	Family Support Worker Senior Welfare Manager SEND & Inclusion Lead	FSW work as stated above – included in above budget.	Within the Leadership QA cycle and within SEF process Commentary will be updated annually on review of this strategy document.
Budgeted cost					£13,000	

Total budgeted cost:

Quality of Teaching for all	205695.18
Targeted support	£143,600
Other approaches	£13,000
Overall budgeted costs	£362,295.18

Part B: Review of outcomes in the academic year

Review of expenditure				
Previous Academic Year	2024/2025			
Quality of Teaching for all				
Desired outcome	Chosen action / approach	Estimated impact:	Lesson learned	Cost
<p>1. To improve Phonic skills and improve literacy levels.</p>	<p>Teaching Assistants to support students with phonics, reading and comprehension. They will work on an individual or small group basis working under the supervision of the English lead and literacy coordinator. Individual learning goals will be set and targets will be assessed and reviewed.</p>	<p>Teachers have now all had initial training in the Essential Phonics programme. Phonics lessons are delivered daily but the implementation is in its infancy. Full impact will be seen by Summer 2023.</p> <p>Talk for writing programme has also been implemented which will further impact reading and phonics.</p> <p>Dyslexia Gold has been purchased to support the progress of students with Dyslexia or Dyslexic tendencies.</p>	<p>Reading has been identified as a school priority.</p> <p>Age appropriate and phonically appropriate books were needed to support school wide reading and phonics progress.</p> <p>Communication boards were required which has been purchased to support phoneme/grapheme correlation.</p>	<p>Talk for Writing Training £2750</p> <p>Dyslexia Gold £718.80</p> <p>Reviewed Dec 2023</p> <ul style="list-style-type: none"> • 2 x Literacy Intervention TA's have been appointed (Level 4) • Improvements to the School Library • Reading assessment data improved through the use of Accelerated Reader. <p>Reviewed December 2024</p> <ul style="list-style-type: none"> • Continued investment in Reading and English development. • Talk for Writing Consultancy and support (£9000) <p>Reviewed November 2025</p> <ul style="list-style-type: none"> • Continued investment in Reading and English development • Implementation of new Reading Assessment criteria/levels • Talk for writing Consultancy continues (£750)

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

How will Talk for Writing meet school priorities?

- Implement a clearly sequenced curriculum
- Embed CPD offer for all staff
- Embed total communication across the school

Talk for Writing in special schools:

- Jane Ralphs is currently working with six special schools.
- Norwich special schools have been using it for two years now with fantastic results (Jane will put JS in touch with English lead in Norwich)
- Jane is working with special schools and Pie Corbett to develop a TFW book specifically for special schools.

Which package is suitable for Isebrook?

- Jane Ralphs (Talk for Writing consultant) face-to-face training and support
- **Bronze** package 5 days over two years
- Initial INSET day
- Series of development days
- Consultancy: Strategic Planning with Leadership (Including HT)
- Whole-staff Training: Introduction to Fiction
- Consultancy: Review impact of Fiction input, leadership support, teacher support e.g., surgery, in-class support etc.
- Whole-staff Training: Introduction to Non-Fiction
- Consultancy: Review impact of Non-Fiction input, Evaluation and Next Steps
- Highly recommended Visit to Talk for Writing Training Centre (*Additional cost Payable to Talk for Writing Training School)

How will Talk for Writing improve students' progress?

- Works best as a whole school approach.
- Can and should be used cross-curricular
- It is based on the principles of how people learn.
- A key feature is that students internalise the language structures needed to write through 'talking the text', as well as close reading.
- The approach moves from dependence towards independence
- See link below for evidence of the impact of TFW
<https://www.talk4writing.com/about/does-talk-for-writing-work/>

What is the cost for whole staff CPD?

- 5 days over two years with continuous support and TFW consultant **£4500** for 50-60 staff
- Additional staff charged at £24pp although this may be negotiable.
- The cost can be paid in installments, as a whole or yearly (£2,250 per year)

When could training begin?

- Standard INSET days e.g. training days immediately after half terms are fully booked for two years.
- However, Jane is keen to work with us and be as flexible as possible.
- Earliest opportunity for initial INSET day is end of November 2022

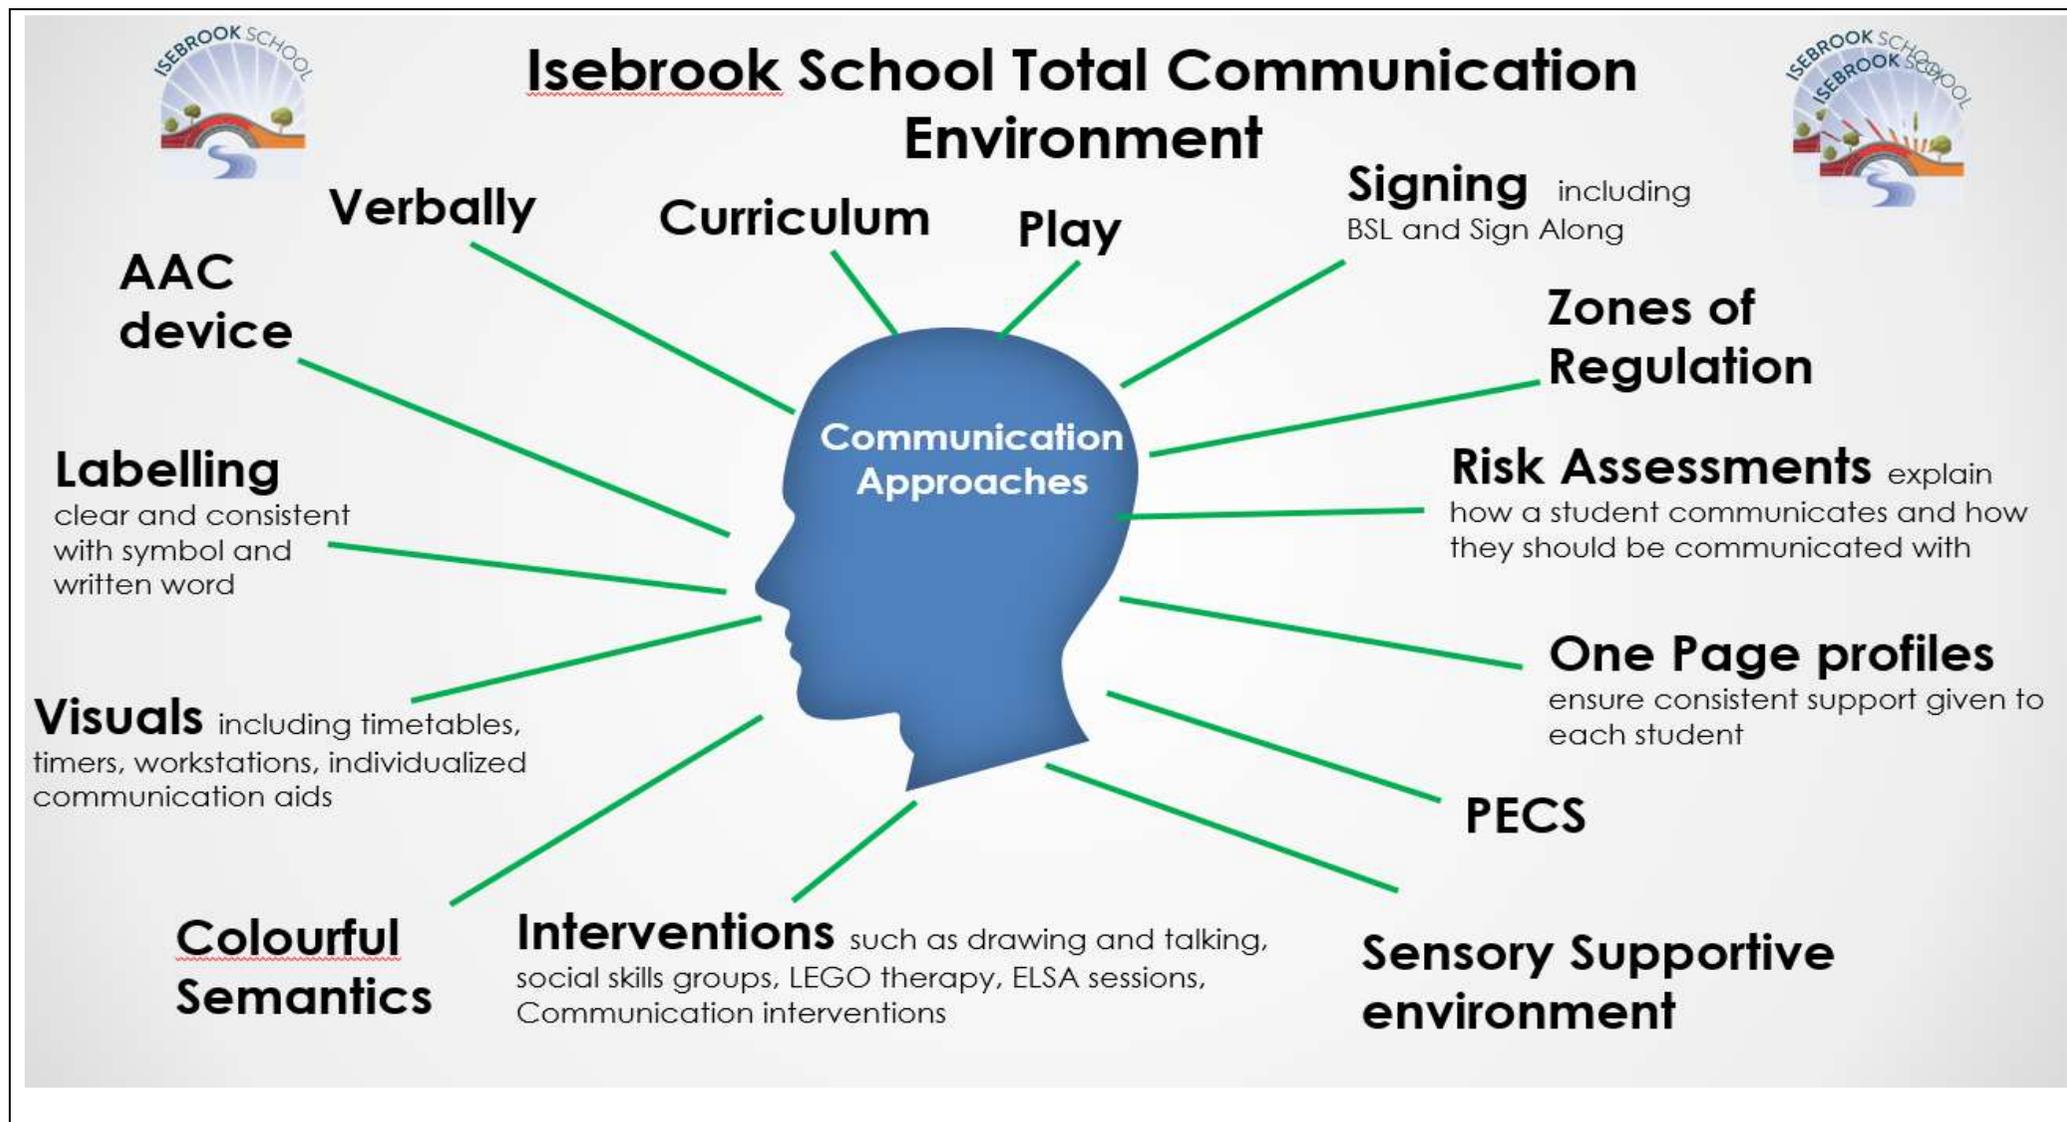

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Final Comments:

Our internal assessments during 2024/2025 indicated that our vulnerable and disadvantaged students' academic and wider development outcomes were in general, in line with their personal targets and outcomes within the EHCP. Where this was not the case, steps have been taken to provide additional resources and support both in school and via external providers to supplement their provision. There has also been intentional focus and support from school leaders, safeguarding, health and pastoral staff through Multi-Disciplinary Team meetings, which has enabled early identification and intervention.

Our rigorous Quality Assurance and data analysis suggested that for many students, mental health difficulties & anxiety were pivotal in contributing to uncertainty and raised concerns over future outcomes for some vulnerable students.

The Connected Provision (previously resourced provision) has now been decommissioned by North Northamptonshire Council; however, some vulnerable students who were previously part of the Connected Provision remain on roll at our school.

The last academic year saw many vulnerable students for whom Isebrook School were unable to meet need due to safety and wellbeing concerns (for both student safety and the maintenance of the efficient education of the wider student body) accessing Alternative Provision packages which were created and managed by school due to North Northamptonshire Council being unable to find suitable provision. In line with our statutory safeguarding and provision responsibilities, Isebrook School continued to be responsible for the safeguarding of students placed in Alternative Provisions and ensured that placements met their needs as outlined in their EHCP. Alternative Provision was commissioned appropriately and used in students' best interests, with the school taking full responsibility for the education and welfare of students placed in it.

Pupil Premium funding was also utilised to:

- Provide access to appropriate Alternative Provision packages in line with the student's development and progress and EHCP outcomes.
- Provide targeted interventions
- Provide safeguarding support from school staff
- Commissioning of Educational Psychology Assessments and advice
- Provision of Private diagnosis where NHS wait times were detrimental to the student's welfare and need for support

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

- Deliver wellbeing interventions and source private counselling and support tailored to individual needs
- Offer family support services to maintain suitable provision and engagement

This approach ensured we set high expectations for all students at Isebrook School, and our most vulnerable an/or disadvantaged students who face additional barriers to their SEND needs were supported. This has led to the involvement of specialists when necessary to support students' development.

Last academic year, Isebrook school faced challenges around accessing support and provision for our most vulnerable and disadvantaged students, which was detrimental to their behavioural presentations, wellbeing, and mental health to varying degrees. We used pupil premium funding to help provide wellbeing support and targeted interventions where required and to mitigate the effect of these challenges to benefit all students. For the vulnerable students who remain on roll following the decommissioning of the Connected Provision, Pupil Premium support continues to be pivotal to their wellbeing and development.

In closing this year, Pupil Premium has been pivotal in providing safeguarding, psychological and academic support interventions and resources for our most vulnerable, disadvantaged and Children in Care; enabling them to access key provisions to enhance and support their progress and development.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Service pupil premium funding (optional)

Measure	Details
How did you spend your service pupil premium allocation last academic year?	Purchasing of School Uniform
What was the impact of that spending on service pupil premium eligible pupils?	Students may be reluctant to come to school if they do not have or cannot afford pieces of uniform. We want to ensure that these students are happy to come to school. Use of Service Pupil Premium finding in this way allowed the relevant students to have equity of provision.

Isebrook School Pupil Premium Strategy Statement 2025 - 2028

Further information (optional)

Additional activity

Our pupil premium strategy will be supplemented by additional activity that we are not funding using pupil premium or recovery premium. That will include:

- Working in partnership with local colleges and employers to provide opportunities such as work experience, employability sessions and community inclusion work, alongside our Preparation for Adulthood curriculum which includes focusing on the Rights of each student (through Respecting Schools), ensure that lifelong skills are taught and practised to enable future independence.
- Our Transition Lead enables and sources link programmes and mentoring to enable young people with SEN to familiarise themselves with the college environment and gain some experience of college life and study. This includes working with our Work experience Co-Ordinator in arranging work-based learning that enables students to have first-hand experience of work, such as apprenticeships, traineeships, and supported internships.

Planning, implementation and evaluation

In addition, Isebrook School have identified the following priorities. Fulfilment will involve some investment from Pupil Premium funding:
